

Elliott Van Den Eng, BS in Computer Science

Midland, Michigan | (920) 428-0292 | GeniusOnIce@gmail.com

SUMMARY

Computer Science student proficient in object-oriented programming languages, computer organization and communication, and DBMS management and creation using SQL. Seeking a collaborative team role with opportunities to grow my developmental skills.

EDUCATION

Central Michigan University, Mt. Pleasant, MI

August 2020 - May 2025

- I enrolled at CMU in August 2020. I'm a computer science major.
- I'm a junior with a 3.47 GPA. I have a strong knowledge of computer organization and programming, mathematics, writing, as well as physics and other sciences.

Kimberly High School, Kimberly, WI

September 2016 - June 2020

- I graduated from Kimberly High School with a 3.85 GPA in the top 40% of my class. I am a 2020 graduate.
- I scheduled and completed many honors and AP courses.
- I have also completed several technology and science courses teaching skills like team management, analysis, data representation, CAD, and computer hardware.

CERTIFICATES

Test Out Pro Certified: Microsoft Excel Advanced Certification

January 2023 – Present

- I achieved my Excel advanced certification on 1/27/2023.
- I am very knowledgeable on the tools, navigation, settings, and security in Excel.
- This has helped me to work with large datasets as well as using a large range of functions for calculating, sorting, and searching for data.
- A copy of my certification is attached to this [link](#).

EXTRA CURRICULAR

Association for Computing Machinery at CMU

February 2023 – Present

- Here I work with students in the master's program of computer science as well as fellow undergraduates.
- We work on fun projects as well as exploring tools, lessons, and programs often used in work settings and not found in the curriculum.
- I have connected with my peers in this club as they play a role as friends, and mentors to me.

NSLS

February 2023 – Present

- CMU has recognized me as a leader and great student inviting me to NSLS.
- I have learned much through being a part of NSLS including many courses in leadership.
- In addition, I show great leadership skills in my classroom and social settings.
- I am a natural leader as I am great at communicating and coming up with efficient methods to work together, keeping in mind individual's strengths.

Other Activities

- I am active in my community as well as providing community service.
- I am active in my church which provides many community service opportunities with helping elderly, picking up and cleaning, and running events and stands.

AWARDS

President's List

January 2023 & May 2023

- I achieved the Presidents list recognition throughout the fall and spring semesters of the 2022-2023 year.
- Achieving perfect grades as well as exhibiting great team leadership and determination.
- In addition, because of my outstanding academic achievements and leadership, I have been recognized by CMU to join NSLS.

Dean's List

January 2022 & May 2022

- I have been on the Dean's list in my university twice, in the Fall and Spring 2021-2022 semesters.
- I achieved exceptional grades (almost achieving straight As in Spring 2022) and worked hard to get the most out of my classes.

SKILLS

Customer Service

5+ years of experience

Computer Organization/Logic

August 2021 – Present

Leadership

3 years of experience

Java

January 2020 – Present

C, C++, and Python

January 2022 – Present

Assembly Language

June 2022 – Present

Lex and Yacc, and SQL

August 2023 – Present

WORK EXPERIENCE

Java Stop Coffee Bar - Barista

September 2021 – Present

Midland, Michigan

- I work alone and am responsible for the service, product, and experience of all customers. I keep my workspace orderly and work efficiently while keeping a cool head in stressful situations.
- I've learned greater communication and service skills as well impacting me by allowing me to go above and beyond for my boss and coworkers always lending help when needed.

Allphaze Painting – Prep/Painting team

June 2021 - August 2021

Hope, Michigan

- I used my strong detail-oriented skills to mask any surfaces, and features we needed to keep clean, along with patching and preparing each surface for paint and finish.
- My team and I held each other accountable to achieve quick, efficient, and proven results.
- Working professionally was rewarding as I could see my skills growing as well as watching our finished product come together.

Trilliant Food – Warehouse associate

November 2020 - December 2020

Neenah, Wisconsin

- This taught me detail-oriented work as well as working quickly and efficiently with a team. Towards the end of my time there, I managed and trained some of my newer coworkers.
- I was responsible for knowing the floorplan and stock of the entire warehouse. I learned to be observant and aware as there was a lot of moving machinery around.
- I learned from this job that I should expand my skills in order to open up opportunities and increase my responsibilities in the company.
